“ *Leah always had Amasa in her thoughts and always uplifted anyone she met, one of her many strong convictions was her church, one Sunday during a transition of ministers was that ministers come and go but the church is not about the minister its about the people and we should never loose sight of that. She helped with many functions in our area and being work along her at the museum gained me some things about Amasa that I would never have known. She will always be remembered. I will always be thankful for having known her, Joe Hoenig.*
