“ Dear Family - I worked with Mary Jane for a few years. It was her and Norma, and we worked for Dr. Ludwig in the Iron River office. The laughter got out of hand some days - oh the memories I have are too precious to ever forget. Loved her. Most recently we seemed to have our hair appointments on the same day so we could sit and gab for awhile. I will always love her and remember her with a smile and a giggle. God bless all of you. Thank you for sharing a fond memory of Mary Jane. Norma was a dear friend of my mothers since the time she first moved to the Amasa area following her marriage. I can only imagine the shenanigans those 2 pulled you into.

She enjoyed the glacial gardener group, puttering in the soil gave her joy and she maintained it was very therapeutic to get your hands dirty with dirt.

“ I worked with Mary Jane in the operating room for many years. She had a rare talent for easing difficult situations with such light hearted humor, not only for her patients but her friends as well. There was no such thing as a down day with Mary Jane around! I treasure those memories. Love and peace to her entire family. She will be missed!

“ Mary Jane and I, along with a number of other, took our Master Gardener training together and then volunteered for years with the group. Oh the adventures we had! We laughed so hard, that woman had the comedic timing of a pro. Trips we took, plant auctions, everything was better when Mary Jane was there. I will miss running into her and Donald at fish fry. Rest in peace.

My mother was very proud of her master Gardner and I know she immensely enjoyed the group and gatherings. She always raided my hostas for the spring sale! Earlier this spring, ever the Gardner, she was hopeful she would have a bumper crop of tomatoes. I have attended the plant sale the past 2 years as that was something I had done prior with her. Thank you for sharing your memories

“ We always remember the bubbly personality of Mary Jane. We especially remember working in the St. Pauls kitchen making pasties for the church building crew.
She was always a giver and had such a caring attitude. She has gained her crown in heaven. Allelia.

Thank you for the kind words, memories shared of my mother. This last year I did have her show me her “pasty secrets” as I realized she would not be here forever and I had to carry on the condition. I learned one of the most important things was how to hold your pinkie in the process.

“ Kurt and family - So sad to hear about the passing of your mom and sending my sympathy to you. She was always so nice to me and one of my memories when I was little was going to your house when you lived upstairs of the old store and your sister and I were covering bottle caps with fabric scraps to make a hotpad. I am assuming she taught me how to do it. In more recent years it was always so nice to see her and your dad out for a fish fry. Feel blessed to have had her around for so many years. - Jeri and Don Ahola

Thank you for your sympathy. I think from an early age my mother instilled in me a love of fabric and crafts. It took me a little while to remember the bottle cap project-

Thank you for your kind words. My mom cared very much about providing good care to her patients. Later in life I attended nursing school, was struggling with IV inserting and she gallantly offered both of her arms for me to practice.
