“ I also worked with Mary at the hospital. She came from the Manor when the hospital's were getting together. She was so funny and her humor was loved by all. It did so lighten the mood for many of us. She was kind, funny and very smart. Loved her family and was so lucky to have found Victor. She was one hell of an awesome person. I was lucky to have called her my friend. God speed Mary. You have left an incredible mark on this earth. Love you 🥹💔 Rose Pittsley

I just love, love, loved Mary! She is one of the handful of people a person meets in a lifetime that makes a profound and unforgettable impact; she was that for me! We worked together for many years at Iron River Hosp.-RN's that worked professionally together & still were able to keep it human and have fun! She was smart, witty, and always kept a "cool tool"; was wonderful to her patients and they had her utmost attention and respect.. She was non-judgmental, unbiased, said it like it was, and true to her word. I respected her opinions and enjoyed her company so much. She entertained at her home on occasion and was an awesome hostess! Fun was rampant! She spoke very highly of & with much love about her children, her hubby, and her brother Patrick. My son was into music & one day she told me of his music history and all the accolades he had. She became my son's "buddy" after that! My dear friend, I feel so fortunate to have all the memories of our times together and will hold them close to my heart and cherish them forever!! My sympathy to your whole family. Rest quietly my friend.. "HOUSEKEEPING"!!!!
Love, "Mary B." aka "Twink"

“*Mary and I worked in the Outpatient Department together for many years. When we worked together, she called it the "Maki and Jackie Show". She always added humor and kept the mood light in a department where sadness is a part of almost every day. She would say fun things like, "bota bing bota boom". We think of her daily as she left a beautiful Tiffany - like lamp for our department. She gave me her Stethoscope when she retired which I treasure and use every day. She would call on the phone and say, "Jackie this is Maki". She loved her children very much and spoke of them often as well as Victor. I will miss her crazy, beautiful smile and I am honored to have been a part of her life. My deepest condolences to her family.*

*God Bless,
