“ *I love you grandma!  
Learned so much from this woman over the years. She was so beautiful on the inside and out. I still think of the night I took my prom date to her house, when she decided to pin the corsage on him and pricked her finger. The next words out of her mouth were, "may as well take my diabetes test!" We laughed about this and other funny stories just recently..*

*She was definitely one of the funniest people I've ever gotten to know. I will miss our 3 hour phone conversations. I will always be proud to call her my gram :)*

“ *Sharon was such a good friend all through my life. She and I had sleepovers every weekend when we were teens, and got into all sorts of trouble together!! Innocent trouble, that is. Who can forget 09/20/1957? We have moved in and out of each other's lives over the years, but were always loving friends. So here's to you Cherry Pie!! Love you.*
